SUMMARY

I am a pre-final year Computer Science Engineering student with a strong foundation in programming, web development, and Python through internships, I have gained practical experience in front-end development and enhanced my problem-solving abilities. A quick learner with a deep passion for technology, I am actively seeking entry-level opportunities to leverage my skills and contribute to innovative projects while continuing to grow professionally in the field.

SKILL

- Web Development
- Python Programming
- SQL
- Git And GitHub
- MongoDB

CERTIFICATES

- Web Development
- Python (E-SDP)

ADDITIONAL

- Presented a paper on "Building Cybersecurity Resilience in the Digital Age" at the AAIMB 2024 conference, focusing on strategies to enhance cybersecurity in response to emerging digital threats and challenges.

EXPERIENCE

JAN 2025 - MAR 2025
MSME-TC-CITD

Python Programming

Gained a strong foundation in Python programming and Acquired foundational knowledge in Python, including understanding syntax, data types, control flow (loops, conditionals), and functions, Object-Oriented Programming (OOP) principles

2024 - JUL
InternPe

Web Development

Contributed to the design and development of responsive and user-friendly web pages using HTML, CSS, and JavaScript.

EDUCATION

2022 - 2026 (Pursuing)
S A Engineering College

Bachelor Of Computer Science
CGPA - 8.04/10

2020 - 2022
Kalaimagal Matric. Hr.
Sec. School

Higher Secondary School
84%

2019 - 2020
Kalaimagal Matric. Hr.
Sec. Schoolol

Secondary School Leaving Certificate
85%

PROJECT

Portfolio Website

- Designed and developed a responsive personal portfolio website to showcase skills, projects, and achievements, utilizing HTML, CSS, and JavaScript.
- Implemented a clean, modern layout with interactive features, ensuring a user-friendly experience and effective presentation of key information.
